*"Is not the commission of our Lord still binding upon us? Can we not do more than now we are doing?" — William Carey*

The last two months have been full of many blessings. God has opened doors to preach in mission's conferences and represent in colleges. We are staying busy recruiting while at the same time desiring to be a help to those families God has already given us at Vision Baptist Missions.

Vision Baptist Missions is growing, and God is constantly sending blessings our way. In the last few months we have had 5 new missionary families accepted with VBM. New missionaries are starting to raise funds while others are finishing up their deputation, and students are being prepared in the Our Generation Training Center. Yes, we believe the Lord is coming back soon, but instead of sitting and waiting for His coming, we want to be busy and working with all our might before His soon return.

January 1-3, 2014, Vision Baptist Missions will hold the Our Generation Summit. This event is one of our biggest events of the year. Missionaries will be gathering together to pray and prepare for God to do a great work during these days. We will host around 300 people in Gatlinburg,

TN while we preach, teach and encourage young people to give their lives to God for world evangelism. Consider joining us this year for a time to be challenged in what you can do in the area of world missions. The conference is held in a beautiful part of the country and has a very economical cost. You will definitely want to be there! You can check out more on our web page – [www.visionmissions.com](http://www.visionmissions.com)

While we are so thankful for young people around the nation that go to study at Bible colleges, it has been said that only 1 out of 100 Bible college students major in missions. May we be awakened to the fact that we are lacking laborers for the harvest! Please help us pray that God would call laborers... and that our young people will open their ears and hearts to answer the call.

God has been very good to us and although we are still praying other churches will jump on board to support us, we are very grateful for the new supporters that have partnered with us. My family and I are working as hard as possible and appreciate the prayers and support of generous churches.

Here to Serve,
