Director of Vision Baptist Missions

March 2020

We are excited to announce the newest video production from Vision Baptist Missions about the need in China. You can watch this free on Amazon Prime. Several churches have showed the video in a service and people have been very helped and challenged by it. I am positive you will find this video very impactful!

Just recently, one of the pastors in Argentina, Hernan, went to the hospital with stomach pains. The public hospital gave him medication twice and told him to go home because they said there was nothing wrong with him. Sunday night he went to a private hospital, and immediately the doctor began to work on him because he realized that his appendix had burst. The doctor told his wife that there was a 96% chance that he would not make it through the surgery, but God had other plans. I spoke with him on the phone and he is in good spirits, trying to recover. The doctors said it is a miracle, and I truly believe it is.

Hernan is currently pastoring in La Plata and is one of the best examples of what a Christian and pastor should look like. He is a personal joy and crown to me, one of the men saved during the time God allowed us to be in Argentina. He is doing a phenomenal work for our God.

This season for Christian school chapels has been especially encouraging. I am blessed to challenge young people to give their hearts to Jesus and consider using their lives as gospel messengers to a lost and dying world.

We had a trip to China planned for mid-March, but because of the coronavirus, our plans had to be canceled. I am very grateful that God has protected the Vision missionaries in China and we would appreciate your continual prayers for them. There are constantly bad situations overseas and the missionaries need your prayers.
