Dear Supporting and Praying Friends

October 2012

It is so exciting serving the Lord in the new ministry where He has placed us. Missions is God's heartbeat and it should be ours as well! Not long ago we held a one-day Mission's Camp in North Georgia. We had a good group of young people with the focus being on missions and giving your life to the Lord. One of our desires is to hold many one-day camps with churches to encourage young people to give their life to the Lord's service. If your church would like to host one of these one-day Mission Camps, we at Vision Baptist Missions will supply the preachers and activities. It is a great way to fire up your teens for missions and the Lord's work.

The Lord allowed us to recently add 3 new missionary families to Vision Baptist Missions. Jason Rishel is starting deputation to go to Burkina Faso, Africa. Paul and Amber Taube began deputation in September and will be going to India. Ben and Crystal Johnson are finishing their 6 month internship in China with one of our veteran missionaries and will be returning to begin full-time deputation to go to the country of China. We are excited to see how the Lord is blessing and growing the mission board, but we are even more excited to see these young people surrendering their lives for the furtherance of the Gospel!

I was blessed to preach a mission's conference in Pennsylvania during September and will have part in another mission's conference in the middle of October. I praise the Lord for the opportunities and have a strong desire to encourage churches in the area of Faith Promise missions.

Have you made plans for a mission's trip in 2013? We believe that a mission's trip can be a great asset to every church. When someone returns from a mission's trip, they usually have a stronger desire for evangelism, love for the lost and appreciation for the church God has placed them in. We will be leading some mission's trips in 2013 and would be glad to tell you more about it if you are interested. For more information please visit www.visionbaptistmissions.com.

Every Thursday I teach at the Our Generation Training Center in Alpharetta, GA. The goal of the OG Training Center is to prepare those who specifically want to serve the Lord on the mission field. Through practical and hands-on preparation, students receive a strong base for their future life as a missionary. Many of the classes focus on life-on-life discipleship, cultural adaptation, church planting, etc.

I have the privilege to constantly be in contact with the ministry in Argentina. It thrills my heart to hear how the Lord is blessing the churches they have shared with us that God is giving them a time of numerical growth – what a blessing! The Bible College and radio ministry continue going forward and people are continually being saved. Just a few weeks ago, one of the churches had a baby dedication day with 16 babies and 190 in attendance! Praise the Lord for what God continues doing in Argentina through their own leaders!
