12. Help them in their walk with the Lord to be close and strong.
13. Give them wisdom for the children's education/homeschooling.
14. Give them strength, love, and protection for their marriage.
15. Give them great comfort during the times of loneliness they will experience.
16. Give them strong churches planted, souls saved and discipled.

17. Give strength to their church back in their country to stay sound and protected while away.
18. Empower their sending church to be strong and supportive and not change or waver while away on the field.
19. Raise up and send laborers to meet the needs of the field.
20. Give them a blessed furlough. For the family to be able to reenter the country well. They will need transportation, housing, friends, a home base, and a place to homeschool the children. They will bring a good report in their meetings.
21. Give them rest when home on furlough.
